PSYCHOPATHY is a clinical construct defined by a cluster of personality traits and behaviors. Psychopathy plays an important role in all aspects of criminal justice and mental health systems. Psychopathic individuals pose a serious challenge for those on the front-line of law-enforcement and mental health.

Join us at our 2nd Annual Conference to discuss psychopathy and learn practical applications of theory including what makes psychopaths tick, and how to interview and assess psychopathy.

Registration runs Dec. 1st - April 10th

TOPICS
- What is a Psychopath?
- Crime Scene Behavior and Psychopathy
- Investigative Strategies

NEW PRE-CONFERENCE WORKSHOP MAY 5 - 6
The Hare Psychopathy Checklist-Revised Training Program
Presented by Dr. Hare & Dr. Logan
This in-depth workshop focuses on the Hare Psychopathy Checklist-Revised, which is widely accepted as the most reliable and valid method for assessing psychopathy. This training is primarily for mental health personnel qualified to conduct psychological assessments. Registration for the Conference is separate from the Workshop. Details and registration cost are listed online.

Conference Presenters

DR. ROBERT HARE  KEYNOTE PRESENTER
Dr. Hare is Emeritus Professor of Psychology, University of British Columbia, and President of Darkstone Research Group Ltd., a forensic research and consulting firm. He is considered the world’s expert on psychopathy and developed the Psychopathy Checklist-Revised, the gold standard for the assessment of psychopathy.

DR. MATT LOGAN was a member of the Royal Canadian Mounted Police for 28 years serving in five communities within British Columbia and a tour of duty in Ottawa and at the Federal Law Enforcement Training Center in Glynco, Georgia.

DR. MARY ELLEN O’TOOLE has a law enforcement career spanning 32 years. She worked as an FBI agent spending more than half of her 28 year Bureau career in the prestigious Behavioral Analysis Unit—the focus of the TV series “Criminal Minds.”

DR. MICHAEL WOODWORTH is a Professor at the University of British Columbia (UBC) Okanagan. His primary areas of research include psychopathy, deception detection, computer-mediated communication, language, and criminal behavior.

DR. STEPHEN PORTER is a researcher and consultant in the area of psychology and law. He’s a professor of psychology and the Director of the Centre for the Advancement of Psychological Science & Law at UBC Okanagan.
